

WORKING WITH LGBTQ+ SURVIVORS OF SEXUAL ASSAULT

RESILIENCE

ADVOCATES FOR ENDING VIOLENCE™

LGBTQ+ individuals who experience sexual violence may encounter different or additional challenges in accessing trauma-informed, identity-affirming survivor services than other populations. This webinar will explore some of the common barriers experienced by LGBTQ+ survivors of sexual assault, and will facilitate a dialogue around how providers can be more effective in their roles when working with LGBTQ+ survivors.
