

Annual May Baskets Campaign

RESILIENCE

ADVOCATES FOR ENDING VIOLENCE™

Each May, Resilience hosts our May Baskets Shop at our program office.

The shop is filled with personal care items and household essentials, allowing survivors we serve to select the products they need most. Each individual leaves with a laundry basket full of items at no cost to them.

Your donations help make this possible!

We provide services to survivors from diverse gender and ethnic backgrounds. We kindly request donations of a wide range of products, including those tailored for men, BIPOC individuals, as well as unscented and allergy-friendly options.
